

# WEEKLY BAZOO.

SEDALIA, MO.  
TUESDAY, JULY 18, 1900.

## WAS HE ROBBED?

### A Stranger Who Claimed to Have Been Robbed While Coming East.

Hardly a day passes but what some innumerable individual arrives in the city and puts up a poor mouth about being robbed, and of course he winds up by asking assistance. Another wanderer of this kind dropped into Sedalia yesterday.

He was sitting in front of the ticket office at the Garrison, and a BAZOO reporter, who had heard his story, approached him to see whether it could be confirmed. He stated that his name was Wm. T. Gleason, and his home at Altoona, Pa. For the past six months he had been in the west, and the first of last week he arrived in Topeka, Kas., on his way back east. At that time he had in his possession about \$120, a good silver watch and a revolver. While in Kansas' capital he met a railroad acquaintance whom he had known years ago, and they proceeded to celebrate their meeting by taking in numerous bowls—so many, in fact, that he became oblivious to his surroundings, and when he awoke he was lying in an A. T. & S. box car, but his wealth and other valuables were missing. He found his old friend, the railroad man, and interrogated him as to what he knew of their mysterious disappearance, but of course could learn nothing. He then left the city, without a penny in his pocket, and had stolen rides as far as this city.

His clothing and conversation did not betoken the professional bun, and his statement may have been a true one. He stated that he had not eaten a mouthful for two days, and if he could procure work here he would be glad to do so. Of one thing, however, he was positive, and that was that liquor and him had dissolved partnership for good; but the chances are that he has made that resolve fully one hundred times before.

## Greenbackers.

The greenbackers of this township met yesterday to select delegates to the congressional convention which meets in this city next Tuesday, and to the state convention which meets here on Wednesday. Z. Money was selected chairman and H. N. Smith Secretary.

The following delegates were elected to the state convention: D. Palmer, John Elliott, J. L. Cartwright, H. N. Smith, S. A. Warden. Alternates: J. B. Hopkins, T. K. Potter, Wallace Franklin, I. D. Wright, Z. Money.

The following delegates were elected to the congressional convention which meets in this city on the 14th: Willis Franklin, Jessie Fowler, L. B. Bridges, T. K. Potter, John Ireland, H. N. Smith, Z. Money.

The following campaign delegates were appointed: W. H. Current, T. K. Potter, Joshua Gentry, Jessie Fowler, John Ireland, John Elliott, Thomas Rhodes, T. Franklin, J. L. Cartwright, Wm. Lowry, W. F. Foster, G. W. McNew, T. C. Hill, John Ward.

The county central committee was instructed to call the convention to nominate candidates for county offices early in August.

## Last Night's Excursion.

One of the most pleasant and enjoyable excursion parties that has ever left Sedalia was the one that went out on the N. W. & S. at half past four o'clock yesterday afternoon to Cole Camp, twenty miles distant. Although small in numbers, the assembly was most select, and they gave themselves up to the many pleasures of the trip. They returned at half past eight o'clock. The following persons comprised the excursionists: J. C. Thompson and wife, W. S. Mackey and wife, Cyrus Newkirk and wife, J. M. Clute and wife, G. M. Babcock and wife, Rev. Beattie and wife, D. H. Smith and daughter, Col. Ritter and wife, Miss Emma and Ida Newkirk, and Mattie Sneed, John Jaynes and John Sneed.

Your Babies will always be good if you give them Dr. Bull's Baby Syrup while Teething. It is a reliable and sure remedy and costs only 25 cents.

## Dave's Say.

Dave Day formerly resided in Marshall, where he did local work on the Democrat, and was always an original sort of "cuss." A few months since he established the *Sedalia Herald* at O'Fallon, Col., but the venture does not seem to have been a success, as he gives vent to the following in a recent issue:

The writer of these few lines resigns his office as editor of this paper after this issue, to the delight of the subscribers and the satisfaction of himself. We are firmly convinced that our intellect never intended us as editor of an eight column paper in a four-column town. We'd rather take a four-column town, and a broken-backed jack-knife out of six-inch steel, than run a newspaper in a mining town during the dull season.

## Itching Piles.

is one of the most annoying diseases in the world, and yet all can find sure relief by the use of Dr. SWAYNE'S OINTMENT. It has been tested in thousands of instances and invariably makes a sure cure. The symptoms are moisture like perspiration, intense itching, very distressing, particularly at night, as if pin worms were crawling in and about the rectum; the private parts are sometimes affected. Procure this ointment. Reader, if you're suffering from this distressing complaint, tetter, itch, eczema, ringworm, barber's itch, any crusty, scaly skin eruptions, use Dr. Swayne's Ointment and be cured. Sold by all prominent druggists.

## Porter's Cure.

As the reader can testify, there is nothing so much to be desired as perfect sight, and perfect sight can only be obtained by using perfect spectacles. C. G. Taylor, our home optician, exercises great skill and patience in fitting those needing spectacles, with ease and comfort to the wearer. At

## SLIDING SCHOOL MARM.

Miss Rebecca Matilda Jane Cook Married.

The readers of the BAZOO will readily recollect about Miss R. M. J. Cook, a young woman who was a teacher in the Holden public school in 1878. One day she gave the little girls a lecture on physiology and wearing corsets. This raised the ire of the parents. A scene followed that could not well be described on paper. The result of scene first was the immediate dismissal of Miss Cook by the board of education and wearing corsets. This raised the ire of the parents. A scene followed that could not well be described on paper. The result of scene first was the immediate dismissal of Miss Cook by the board of education and wearing corsets.

A suit followed between the board and her who was sweet Rebecca Matilda Jane Cook, which still hangs fire in the courts. Miss Cook is one of those indomitable, persevering, irresponsible, hang-on-a-second of girls with a strong mind and a great desire to wear breeches, but she is now married.

On the 24th of June, by the Rev. J. N. Newman, pastor of the Baptist church of Holden, at the residence of the bride's parents, Miss Rebecca Matilda Jane Cook and Thomas Quick, all of Johnson county, were joined in wedlock.

Tom Quick is a gawd widower, but they say he is a clever fellow and will make Rebecca Matilda Jane a good husband. Tom married a Miss Doughty, near Kingsville, about four years ago. Tom and his wife did not live pleasantly and a decree of the court separated them forever.

If Rebecca Matilda Jane Cook don't make Tom Quick a red-hot wife, we will be greatly mistaken. She has a keen, black eye, and there is fun from behind them.

She wears no corsets and is in good fighting trim.

## ON THE WARPATH

A Burly Negro Comes Near Down- ing the Whole Police Force.

Henry Payne is a negro the color of six cent sugar, who has anything but an enviable reputation. Last night Payne and another gentleman of color had a little misunderstanding in Lincolnville, and Officer Tarleton, the colored policeman, interfered and proposed quieting the rate dratted. Payne objected and a scuffle ensued, in which the policeman was worsted and called for assistance.

Officer Schoenewerk heard the call, and entered into the melee. The further incensed Payne and he went in for the purpose of cleaning out both officers, and was about accomplishing it when still further help was asked for. This brought to the rescue ex-officer Gougeon, and by the combined efforts of the three the coon was finally landed in the cooler, though in anything but first-class condition.

To-morrow Mr. Payne will answer at the bar of justice to the charge of disturbing the peace and resisting officers, for which he will get a good fine—probably.

The Chicago & Alton Connection.

A number of Sedalia's most substantial business men met at the new court room, late Friday afternoon, to appoint committee looking toward the proposed construction of a branch road from Marshall to Sedalia, thus giving the merchants of the city the benefit of a competing line—the same being the Chicago & Alton.

No little interest was manifested, and it seemed to be the general desire that the road should be built.

A committee of six persons was appointed, three from the city and three from the country, for the purpose of taking the subscription lists and contracting with an engineer for surveys to the county line, that being the first step towards building the road. The following gentlemen comprise the committee: Major Gentry, C. W. Brown, W. S. Mackey, D. M. Williams, D. H. O'Leary and H. C. Spence. The committee was instructed to meet for the purpose indicated on Monday next, at 11 o'clock a. m., in the office of Col. Thos. P. Hoy, corner Main and Ohio streets.

After considerable informal talk, the meeting then adjourned.

Sedalia is bound to have this road at no distant day, and if all go to work in an earnest manner, while the ball is in motion, there is no doubt about getting it. To work, citizens, and with a will!

Female weakness, caused by deranged kidneys, permanently and positively cured by the use of Prof. Guinette's French Kidney Pills. All druggists keep them. For sale by Aug. Fleichman, druggist, corner Second and Ohio streets.

## A Slight Mistake.

The citizens of Sedalia will be constrained on Sunday next to remember the Sabbath day and keep it holy. All places of business will be closed; even the sale of newspapers will be prohibited.—*Holten Enterprise*.

You are a little off in the above, friend Cruce, as regards all places of business. Barber shops, tobacco stores and the sale of newspapers are excluded. Why, the people of Sedalia would as soon think of doing without their meals as going without their SUNDAY MORNING BAZOO. The paper will appear regularly, and "don't you forget it."

Mr. R. Sigle, from Monroeville, Ind., called the other day at our office, and informed us that he had read in our paper of the Hamburg Drops, and had tested the real worth of the remedy. The case of Mrs. Sigle was declared a hopeless one by some of the best physicians. Having tried almost everything, she concluded also to use Hamburg Drops. With the use of the bottle came relief, and Mrs. Sigle.—*Fort Wayne State Zeitung*.

## Frostrated by the Heat.

A farmer residing near Green Ridge, named Higgins, was prostrated by the heat yesterday afternoon, while driving up Oage street, and fell down in the bed of the wagon in which he was riding. He had a friend with him who removed the man to the house of a friend, where the usual restoratives were applied and shortly after Higgins appeared upon the street and about sundown went home.

## THE KISSING MACHINE.

A Recent Invention Which Will Revolutionize the Manner of Conducting a Political Campaign.

PAID.

A candidate for office, while in this city recently, knew 1,893 babies in one day, by actual count. Chicago Times.

A BAZOO compositor, observing a tired look lurking around the corners of the mouths of candidates for office, as the month-puckering wrings attached to the mouth, and had been excessively tired and snoring at night, the inventor of the "Kissing Machine" was born.

P. S. As soon as the inventor can raise the requisite amount of collateral to introduce his machine into all the voting countries of Europe, Asia, Africa and Oceania.

## A FATAL FALL.

Ben, Cavans Falls From a Wagon, is Run Over and Instantly Killed.

A few weeks ago we recorded the death of Mr. Alexander Senior, who was accidentally killed on his farm, about four miles from Lamotte, in this county, by a wagon running over him. Last Friday Mr. Ben, Cavans was killed on the same farm, by the same wagon running over him. He had been stacking wheat with his father, who he spoke to him and said he did not think he could push off the balance of the load, as he felt sick. His father started to get another hand and had gone but about thirty steps when he heard his son speak, and on looking around saw that he had fallen from the wagon and the mules which were hitched to it, starting the wagon over him, killing him instantly. The intense heat probably caused his sickness and he falling over exhausted, there met his death. Deceased leaves a young wife to mourn his loss.
